TESTAMENTARY CHARITABLE REMAINDER TRUSTS

A Testamentary Charitable Remainder Trust at InFaith Community Foundation can be established as a provision in your will using life insurance, commercial annuities, retirement assets or a portion of your estate. When retirement plan assets are used to establish the trust, there may be the added benefit of bypassing related income taxes.

HOW IT WORKS
With a testamentary charitable remainder trust, a trust is created with assets upon the donor’s death. The trust then makes regular income payments to the donor’s named heirs for life or a term of up to 20 years. These income payments are calculated annually using a set percentage rate and the value of the trust’s assets. The amount remaining at the termination of the trust is directed to a donor advised fund created by the donor. This donor advised fund supports charities or areas of charitable work recommended by the donor. Gift Minimum: $100,000/$200,000 for illiquid assets. In some instances an annuity trust, where heirs receive ongoing fixed-income payments, may be appropriate. Gift Minimum: $50,000.

BENEFITS OF GIVING
Provide Income for Life to Heirs. Name your spouse, family members or friends as income recipients for life or a term of up to 20 years.
Reduce Taxes. Receive an estate tax deduction for the charitable portion of the gift. Heirs also avoid immediate recognition of taxable income, spreading the taxable income over the life of the trust, rather than as a lump sum.
Support Favorite Charities or Causes. The trust remainder is directed to your custom donor advised fund to support one or more IRS-qualified charities of your choosing.
