

CHARITABLE REMAINDER TRUST

Make a gift of cash, publicly-traded securities, mutual funds or real estate and, in turn, receive a stream of income for life or a term of years.

Through a charitable remainder trust at InFaith Community Foundation, your gift assets convert to ongoing income payments for a lifetime, term of up to 20 years, or both. At the end of the trust, the remainder is directed to your InFaith donor advised fund.

With a **unitrust**, you can make multiple gifts of cash, publicly-traded securities and/or mutual funds. A special form of unitrust is available for illiquid assets such as real estate and closely-held stock. Your income payments are calculated annually using a set percentage rate and the value of your trust's assets. *Gift Minimum: \$100,000 for cash and publicly-traded securities/\$200,000 for gifts of real estate or closely-held stock.*

In some instances an **annuity trust**, where you make a one-time gift and receive ongoing fixed-income payments, may be appropriate. Your gift to the trust can be cash, publicly-traded securities or mutual funds. *Gift Minimum: \$50,000.*

BENEFITS OF GIVING

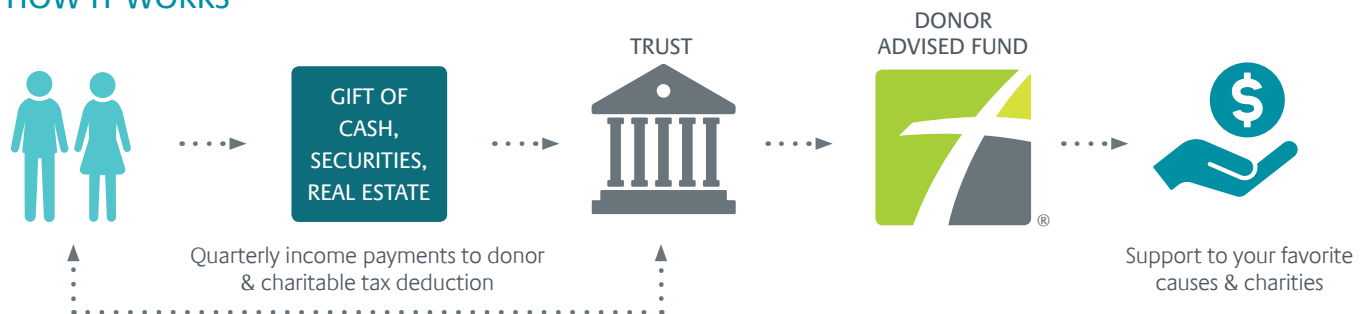

Support Favorite Charities or Causes. At the end of the trust, the remaining value is directed to your donor advised fund for the benefit of your recommended charities or causes.

Receive Income for Life or Term of Years. Name yourself, your spouse, family members or friends as income recipients.

Reduce Taxes. Receive an immediate charitable income tax deduction in the year the gift is made. Any unused charitable deductions can be carried over an additional five years. For gifts of securities or real estate owned for more than a year, you avoid capital gains taxes on the appreciated value. The trust sells appreciated assets tax free and 100% of the net sale proceeds are reinvested in the trust.

Lower Estate Taxes. By taking appreciated assets out of your estate, you'll reduce the size of your estate and possibly your tax liability. (There may be estate/gift tax consequences if someone other than the donor or the donor's spouse is named as an income recipient.)

DONOR STORY

The Donor. A couple, ages 64 and 63, wanted to use appreciated stock to create income and create a legacy of family giving.

Their Gift. They established a charitable remainder unitrust using appreciated stock worth \$100,000 with a cost basis of \$20,000. Based on their ages, gift assets and current IRS discount rate, the donors will receive variable income of 6.3% of the trust annually.

They received an immediate charitable income tax deduction of \$23,927 and avoided capital gains tax upon transfer. At their deaths, the trust remainder will be directed to a donor advised fund with the donors' two children serving as fund advisors. Their children and grandchildren will continue their legacy of giving by recommending grants to the families' favorite charities far into the future.

The dollar amounts in this example are an estimate. Charitable deductions are based in part on the prevailing IRS discount rate. This example reflects a prevailing rate of 2.2% as of February 2017.
